List of PC games (A)

The following **list of PC games** contains an alphabetized and segmented table of video games that are playable on the PC, but not necessarily exclusively on the PC. It includes games for multiple PC operating systems, such as Windows, Linux, DOS, Unix and OS X. This list does not include games that can only be played on PC by use of an emulator.

List

Note this page only covers games beginning with A. Use the table of contents for more.
